Follow-Up Date: 2024-01-22

Comments: Mr Louw called in to speak to me to discuss the matter as a member of the SPCA visited the riding school again today regarding their horse. He is upset because they provided a veterinary report last year on the horse's condition. He states that the horse has a chronic condition that will not improve. I read the previous report and it corroborates what he says. I asked him to send us an up to date veterinary report in order for us to discuss the case internally. He will email me the report. Case to be discussed with Chief Inspector.
