Dear Jessica

I trust that you are keeping well.

I would like to give you feedback on the above case you reported. Another inspection was conducted at the property on 12/02/2024. Both dogs were found to be on running chains and in acceptable condition. They had access to food, water and shelter. The dog called Mia is still suffering from a skin condition, however, there has been improvement since the last inspection. A follow-up inspection has been scheduled for next month to see if there has been any further improvements. We will keep you posted on this matter.

Thanking you.

Kind regards

Jaco Pieterse
Chief Inspector
