Subject: Dog on short chain - CTN Foreshore

Hi there

Yesterday I left town and right after exiting from CTICC I drove past a business premises and they had a German Shephard “guard dog” “security dog” on a short chain. He looked very distressed and kept barking at the cars. He was at the gate. It was at 18H25.

Below is a map of where exactly I saw him. Black cross in yellow highlighted area.

Could you please investigate?
