Please describe the concern you have

Hi there,

Located at 11 Martin Hammerschlag Way - in between the MSC and KPNG building at the Foreshore in Cape Town there is a Rottweiler that has been caged up to protect an empty lot.

He is there 27 hours a day, seven days a week, and is never released from his cage and never walked.

The property already has a security guard, who doesn't interact with the dog at all. I have been checking up on this dog and he is left there in the worst weather conditions and receives no human contact or exercise.

The street already has plenty of security and I do not feel this dog needs to be there and kept captive like this, is there any way the situation can please be investigated? He is completely isolated.

If I can provide any more information please do let me know. Please could you let me know if this report has been received?
