Comments:	New complaint received via email: EMILYRUTHCARTER2007@GMAIL.COM. Reference to case INSP204121 PLEASE INSPECT AS PER THE EMAIL RECEIVED: Hi, I am reporting a pet store called Adventure Pets. I found so many dead/dying and sick fish in the tanks. In not great conditions. After I had purchased this fish I found multiple diseases and fungal infections on the fish. One partially only lasted for 48 hours (a beta) due to a bacterial that was formed and not treated in store. The shop owner is rude and does not seek the responsibility of the animals and I think is using them as a money making opportunity. I also found the bunnies in cages were cramped and the birds had little space to move. Please do check out the store as I feel that the animals are not being looked after as they deserved and need a loving home.
