Comments:	On my arrival, I met with the public prosecutor, Mrs Pretorius, who informed me that, there is a new lawyer who will be dealing with the case, she mentioned that, she doesn't know if the new lawyer will proceed with the trial or not, she advised me to wait at the court. I waited until the lunch time, I went back to the court by 14h00, where I met with Shiven, who wanted to know if I was subpoenaed. I told him yes, then he said, I can leave the court, he will send a message to Mrs Pretorius to let her know. Shiven will update us with the next court date.
