Follow-Up Date:	2024-02-20
Comments:	FOR JACOS ATTENTION TO DOWNLOAD THE CALL I MADE AT 16H03 TO 16H17 WITH JOHAN ON TELVIVA. I explained to Johan over and over again why I issued the warning in the best interest for his animals. He kept going back to the PAPA Regulations on what the exact size of the enclosures must be for each dog. I explained the part of the APA that I am focusing on with his case and gave the sections with regards to this. I explained why it's unnecessary confinement as he claims they are not security dogs and his personal dogs. He got angry and said unreasonable things to which I responded with the facts. He did mention his lawyer will get back to us with regards to the warning sent and believes our goal is to confiscate his dog's. I even explained that I dealt with his case like I do with any other and gave examples to try and make him see that he is not a target. After this long discussion he just said Bye and put the phone down. Please listen to the recording to get more clarity. Recheck on property within 7 days. I do suspect that he might try to hide the dogs.
