Follow-Up Date:	
Comments:	Please see attached the proof of veterinary follow up and treatment. Oscar is very old dog, he had been given petcam and on going prescription of gabapentin. I believe that the owner is monitoring and administering medication to her dog and will not allow the dog to suffer should the quality of life deteriorate. No contravention/s in terms of the Animals Protection Act 71 of 1962 were observed during the time of my/our inspection, and I am confident in closing the case as there is no further action to be taken.
