Comments: I have been in contact with WO Charlene Mouton from Stellenbosch SAPS (both telephonically and via WhatsApp). At first, she thought she only had 1 of the post mortem reports but later informed me she did actually have both. She now just requires confirmation on whether footage was taken at the property of the accused on the day of the arrest. Lwazi has sent me footage but it was not taken by himself so I first need to establish who took the footage and then I can get back to WO Mouton. I also want to check with Jaco if it is ok to send her the footage taken by someone else or if it will cause unnecessary complications (must double check content of arrest video to preempt any possible issues). I will check with Jaco today when I have a chance.
