Follow-Up Date: 2024-02-21
Comments: START COMPILING & FINALISING DOCKET CONTENT

I will focus on finalising this docket by no later than Wednesday, 21 February 2024 & Thursday, 22 February 2024 (and if this is not done sooner).

Prior to this docket, I have to prioritise finalising the docket content for INSP189862, INSP190184, INSP190650, & INSP191324 as if these cases aren't ready to be registered by 17 February 2024, 22 February 2024, & 03 March 2024 respectively, then it will be too late to prosecute such cases.

Cases become much weaker the later they are opened after the transgression (the more time that passes after the offence has been committed). Although there is no general time limit on a docket being opened (it is advisable to open a case within 6 months of the crime), it negatively impacts the investigation and collection of evidence by the IO which increases the chances of the court withdrawing the case due to insufficient evidence.

This is why from now on, I must first finalise these old dockets. Thereafter and once I have caught up, cases will be compiled as they come in.
