Type: CASE DISCUSSION NOTE
Follow-Up Date: 2024-02-12
Comments: REASSIGNED BACK TO JASON FOR ACTION

The discussion regarding possible dockets being moved over to my name was general and not specific to each INSP case. This case unfortunately actually isn't ready to become a docket. Jason is still busy investigating and trying to collect sufficient and adequate evidence . Only once it is determined if evidence that is adequate and sufficient enough can be collected , can a docket be considered.

COGH SPCA opens an excessive amount of cases. COGH SPCA will make a greater impact if it opens cases of QUALITY and that are successful rather than opening an excessive amount of cases that keep getting removed from the court roll - this takes away from our credibility and we need the various State and Justice Departments to start seeing how serious the APA is and how important the job we do in policing the APA.

JASON TO ACTION:

Captured By: Jaco requires feedback so that he can provide the NSPCA with feedback .
