Comments: I received a call from Peace to say that a lady claiming to be on the line wants to speak to the Supervisor of the inspector on the case. I then took the call and spoke to a lady who explained everything about the case. She was upset that the inspector did not inform her that he was coming today and that her mother felt harassed. I told the lady that we don't make prior arrangements when we come to the property. She was not happy about this but accepted it. I asked her when the inspector could come to the property to inspect the animals, and she said she would arrange for someone to be at home on Monday so we could come then. I told her I would inform Inspector Jeffrey about this and that he come to the property on Monday.
