Comments:	On 26th June, Shawaal contacted our office and spoke with Tamryn regarding the sterilization of her cats. She had been awaiting our assistance with the procedure. However, our inspector had attempted to contact her multiple times without receiving a response. Shawaal is now willing to surrender three cats: two males and one female. We will collect the remaining two female cats on 3rd July for sterilization, and the remaining three male cats will be collected in August for the same procedure. Please assist with the surrender of the three cats as agreed and schedule a follow-up for 3rd July for the sterilization of the additional two female cats.
