Subject: Reporting incident

Good day

I reported an incident concerning 2 sheep that looked unhealthy and had no decent shelter in the heat in Curlew street Brooklyn and apparently i was not the only person to report this.

The 2 sheep looked unkept and withdrawn with a wooden box which i dont think both could even fit in.

It was very concerning and when i received sms to say it been sorted., i called in and was told nothing was found out of the ordinary.

Its sad to think people are concerned and when asking about it, the answers are vague and information not forth coming.

If in your opinion nothing is concerning then i really dont understand why more than one person called in about it.

Its sad that they were left there in that condition.

Here is your response via sms.

COGH SPCA: Your complaint with reference number INSP194481 has been investigated. The welfare concerns, if any, were addressed and the matter has been finalised. If you would like to receive detailed feedback on the matter, kindly contact the Inspectorate Department during office hours on 0217004159. Thank you for caring about animals. Those sheep do not look well kept and dont deserve to be there, what a pity that your inspectors found nothing wrong.

Kind regards
