Type:	CASE DISCUSSION NOTE
Follow-Up Date:	2024-03-07
Comments:	The case was discussed with me I advised Peace to not open a new case as this is the same complainant from the previous cases and the same nature of complaint every time. I advised that we would ask the supervisor to contact the complainant to find out what the actual complaint is here because the dog is well looked after it sleeps inside the house and we have never found any welfare concerns on the property.
