Inspector: JOSHUA CAMPBELL

Type: CALL RECORD - MADE
Follow-Up Date: 2024-01-15
Comments: Called the owner by the name of Naomi, I asked her what the POA is with the animals on the property as we cannot just leave them there.

She stated that she is going through daily to replenish water and feed the dogs, in the meantime she's only with lawyers regarding that property as she stated the original owner actually left the property for her after she had passed on. She explained that she's keeping the old dog in her care in the meantime so the dog was removed off the property, Naomi stated that she's looking to put the remaining 2x animal in a boarding facility and if we could give her toll next week.

I'll follow up in next week to find out how far she's come with the process .
