Subject: CoGH - Bull terrier female in horrible condition and used for breeding

Good afternoon,

This was reported via Facebook.

Hi again. I need urgent help please. There is a bull terrier female in my area that is being used for breeding. She is white in colour. She has multiple litters yearly in order for the puppies to be sold. She currently has +/- 10 puppies and she is in horrible horrible condition. She's frail, extremely thin, and can barely walk. She also seems to have a skin condition. The address is 18 Baakens road, primrose park. Please if you're able to assist that would be great, this poor dog is suffering really badly. Thank you.
