Date: 2024-01-10
Time: 14:10
Inspector: CLODEEN ARNOLDS

Type: CASE DISCUSSION NOTE
Follow-Up Date: 2024-01-11
Comments:
I contacted owner to find out when he will be available again for us to come and collect animals and he told first told me that he is not available. I then reminded him that some of the cats might be sick as some of the once he already gave us were also sick. I also reminded him that he previously said that he does not want to take ownership of the cats so he needs to make time for us to come and collect. The phone then died.

I then contacted my supervisor Carina as i am worried about the other cats that might be sick and she told me that we would have a thorough discussion regarding how to deal with this case further. I then contacted the owner to inform him that he must let us know when he would be available and he told me I must bring the boxes tomorrow at half past 12.
