Comments On my arrival, I met with a woman who Introduced herself as Jo - Anne, she allowed me onto the property, I have observed one dog that appeared to be in a fair condition. According to Jo -Anne and her family the dog sleep inside the house, although the dog came inside the house while I was there however, I am not that convinced that the dog sleep inside the, I wanted the owner to show me where exactly the dog sleep, she took me to her room, and showed me a clean blanket a nd said, the dog sleep on it, I wanted to know what happened to the dog when there is no one at home, they said there is always someone, I have advised Jo Anne to get a shelter for the dog when he is outside, she agreed. After few minutes, I received a call from Randall who told me that, she will organize a shelter for the owner and he will send Melvin tomorrow morning to fetch the dog for sterilization.
