Comments, if any:

Upon arrival, we met with Ms Crake but she could not give us access to the property as she was not decently dressed. We spoke to her through the window. She informed us that there are 5 dogs on the property, all owned by her and only one is sterilized. We informed her that she will need to sterilize the dogs and that she can only have 4 dogs maximum. She said she will apply by the city to keep her dogs unsterilized. A compliance notice was issued for sterilization and to reduce the number of dogs on the property to 4 within the next 14 days.
