General Report Comments: While I was driving in the area, I have observed 2 adult dogs and 5 puppies, the adult dogs appeared to be in fair condition, while the puppies appeared thin, then I decided to address the matter.

On my arrival at the property I met with a man who introduced himself as Jacq Bailey, he allowed me onto the property,

I wanted to know from the owner what is the cause for the puppies to be looking thin, he was unable to answer me, he just said he is giving the food to the puppies as well as to the big dogs.

I told him that it will be the best to surrender all 5 puppies, he agreed, the Adult female was already sterilized and now we need to collect the male dog for sterilization, there was a shelter and there was water.
