**Animal/s in good condition:** No \*\*\*

**Veterinary problems / health concerns:** Yes \*\*\*

On our arrival, we have met with Baslino Oesrson, who was with his wife, as well as his friends, they allowed us onto the property, i have observed different animals,

like 10 chickens, 7 Pigeons and six dogs In total.

The chickens still appeared to be in a fair condition, they were still roaming

freely inside the property.

The Pigeon were kept in the Pigeon loft, at least the living environment was not that bad and there clean water provided to the them.

The mother of the puppies called Angel was still appeared to be underweight, the owner s claimed that all the puppies were given to the new owners.

Angel appeared to be developing skin condition on her lower back, and the dog called Isabel also appeared to have skin condition on her neck, the owner claimed that, he used the dip on the dogs and he also bought Nexgard, he showed me the tick and flea powder as well as the bottle of dip.

The dog called Danny Boy was not at the property, the owner claimed that the dog was taken by his friend, i toos him that, he needs to provide us with the address, as we need to follow-up on the dog, he promised to get it for me by Thursday. Tje dog called Angel and Shabba, I brought them in for sterilization, we need to collect the male dog on Thursday when we return the two dogs.

Ateast the number of flies were less todays and the flystrikes appeared to be getting dryer

Most of the dogs were placed on running chains, while they were roaming freely inside the property, the dog called Angel was still chained with a static chain.

The living environment was clean, there was was no rubble and the shelter were provided to the dogs. I have used the yellow cards because I ran out of the green cards.

#### **ACTION TAKEN**

Owner educated

**OUTCOME / FOLLOW-UP**

Animal/s brought in for treatment

Treatment Card number/s: H 110014 and H 110015
