General Report Comments: Upon my arrival at the property I met with the owner named Samantha who allowed me access on to the property where I could do my inspection.

Upon my inspection I observed the dog in question named brownie who is free roaming on the property, the dog appears to be underweight and injured, no water or shelter is available and the living environment is clean.

I spoke to the owner and she decided to rather surrender the dog over to the spca.

I issued a warning for future reference stating that in future if any of your animals are sick, injured or compromised in any manner seek veterinary without delay.

I can confirm there are no other animals on the property, I see no contraventions of the animals protection act 71 of 1962 therefore this case can now be closed. NFA
