Subject: HOME VISIT

Good day

I am writing to request a home visit to 5 Flanders Road, Pinati Estate, Lansdowne.

There are 5 dogs on the property. 1x boerbull that looks to be in a very good condition. 2x adult Jack Russels who seem a bit neglected and 2x JR pups that also appear to be hungry. There is also a third adult small breed dog (possibly mix breed) that is missing an eye.

I am concerned because I recently found the pups roaming the streets seeming very hungry. After observing them for a while they led me to the house in question. Nobody was home but I was able to slip them in through the pedestrian gate which was unlocked. I have passed by the house a few times now making a point of checking the ongoings there and it seems as though the dogs predominantly stay in the front of the house. There is no kennel in sight and very little shelter it would seem but I can't say that there are no kennels in the yard area which one is not able to see from the roadside.

I may be contacted directly on 0823815916
