Comments, if any:

While driving pass the property the owner came out running and flagged me down. I met with owner by the aid of Lucy Watson and addressed welfare concerns received regarding the animals on the property and she denied such claims. I was allowed into the property to conduct an inspection and observed 6 x dogs free roaming inside the property with access to shelter and drinkable water available. The area was also clean and dogs are in good condition, I was about to take pictures but owner did not give consent, the owner then claimed that her neighbor is an issue and she also wants to surrender the dogs to the spca
