General Report Comments: Upon arrival I met with Taahir and his wife. They told me that they were turned away at the SPCA as the cat needed overnight monitoring. They took the cat to TAH however they couldn't afford their fees.

The cat is dehydrated, underweight and extremely lethargic with pale mucus membranes. The owner's opted to put her to sleep. I escorted him to the SPCA to get the cat euthanised.

I issued a warning to seek veterinary treatment immediately when necessary.
