Upon arrival I met with Riziki Jacques wife. I introduced myself and stated my reason for being there. She explained that her husband hit the dog on its bum to stop it from biting someone in the street. She said that the dog got out through the gate. I observed the dog on their property. It is in good condition, with access to adequate shelter, water and a clean living environment. I explained to her that it is their responsibility to keep their dog in the yard and to ensure that it does not harm anyone or itself. Furthermore, that beating animals is a contravention of the APA. I issued a notice to comply, stating the same. No further action required.
