Subject: Urgent: Stray Dog in Need of Medical Attention

Dear SPCA Team,

I am writing to bring to your attention a stray dog in our community who is in dire need of medical care and attention. The dog, a female, has been a stray for some time and has been cared for by local residents.

Unfortunately, it is believed that the dog was subjected to sexual abuse by a human while she was pregnant. As a result, the dog's vagina is now protruding, and she is in need of urgent veterinary care.

While there are people in the community who are looking out for the dog's well-being, they are unsure of how to address her medical condition. That's why I am reaching out to the SPCA for assistance.

I believe that every animal deserves to be treated with compassion and respect, and we are counting on the SPCA to help us provide the necessary care and support for this dog .

Thank you for your prompt attention to this matter. I look forward to hearing from you soon.

The designated residency for assistance is located at 16 Orpheus Cres, Eastridge, Cape Town, 7785
