Comments, if any:

Upon arrival, myself and Inspector Lwazi Ntungele from the Cape of Good Hope SPCA knocked and shouted but there was no answer at the property. I tried to call the owner as well but there was also no answer. We could still observe the dog in question, fair body condition but still tethered with inadequate length. The dog had access to adequate shelter and water, and the living environment was clean. I will need to speak to the supervisor on the way forward as I provided the owner with running line already yet he still hasn't complied.
