[2025/10/19, 10:35:37] Chantal: Drafting affidavit I remember some critical info

[2025/10/19, 10:46:37] Chantal: Timeline:

- 12:15–12:30: While searching the yard, I thought I heard a muffled yelp from my brother Tome's flat. I knocked and asked if Friday was inside. Tome was slow to answer, appeared irritated, and said the dog was not there.
- 12:40: Before leaving with Kelly to search the neighbourhood, I returned to confirm. Another person seemed to be in the flat, but I saw no one when Tome opened the door. He was again irate and said he had not seen the dog.

[2025/10/20, 10:39:35] Chantal: Good morning I have the interdict and have completed affidavit

[2025/10/20, 12:01:07] Ayanda SPCA: Good morning Chantal. Please pardon me for the delayed response. I spoke to my Chief inspector about this case and he instructed for further investigation. Inspector Mfini will come around to your place sometime today.

[2025/10/20, 12:08:25] Chantal: Can I provide the affidavit digitally as I used gpt to assist and proof while drafting?

[2025/10/20, 12:11:40] Chantal: I also do not have copies of the interdict only original?

[2025/10/20, 14:16:02] Chantal: I will print and get commissioner to stamp when I have
feedback

[2025/10/20, 14:17:52] Ayanda SPCA: Hi there, please wait for the area inspector to come
there. If there is no footage or concrete evidence. We won't be able to prosecute.

[2025/10/20, 14:19:37] Chantal: No problem. I will have to seek counselling as this has
serious implications in terms of my safety since this does seem to be an act of violence
because the dog was placed in my machine <This message was edited>

[2025/10/20, 20:32:57] Chantal: Has the autopsy been completed?

[2025/10/21, 06:31:40] Ayanda SPCA: Morning, not yet. If there is no photo or video graphics
SAPS will not accept just a postmortem, it is insufficient evidence and they won't investigate
any further animal cases are no priority to them.

Did inspector Mfini get there yesterday?

[2025/10/21, 12:16:10] Chantal: Yes. The outcome of the autopsy is not for SAPS. I would like
to know for closure

[2025/10/21, 12:53:38] Ayanda SPCA: Unfortunately we cannot do the autopsy when theres
no case, as they get done by the state's vet and they are very expensive.

Its is very Unfortunate that we cannot prove what we know.

[2025/10/21, 16:31:39] Chantal: Can I have the body to bury?
