Follow-Up Date:	2025-10-14
Comments:	As per the discussion with Inspector Mfini, it has come to our attention that the complainant initially provided incorrect address details when the case was logged. The correct address, as confirmed, is 28 Impala. Since an inspection has already been conducted at this property 23 Impala, we will proceed to re-open the previously closed case for further investigation. New Complaint Received: Please conduct an inspection as per the email received. The complainant reports that there are three dogs lying in the sun all day without access to food or water. An inspection was reportedly conducted previously, but no action appears to have been taken.
