Comments:	New complaint received refer to INSP222173 PLEASE CONDUCT AN INSPECTION AS PER THE EMAIL RECEIVED: I have a request regarding 2 adult dogs & 3 small puppies at the above address to be checked out as these animals are clearly not cared for and not getting food and water. The adult dogs are constantly outside the property day and night scavenging for food and running into people’s properties and driveways causing havoc . Clearly not getting drinking water as well as they are drinking water out of a leaking water meter drain.
