Comments, if any:

Upon arrival, myself and Inspector Lee Prins from the Cape of Good Hope SPCA met with the owner, Mrs. Maria Andries, who granted us access to the property. She informed us she personally has one dog, and the dog is free roaming outside the property. She then showed us the dog laying outside the fence of the property. The dog was quite underweight and as we saw the dog walk we could see the dog is struggling with its hind legs. The owner informed us that the dog is quite old, and she has been struggling for long with the dog. The dog sleeps inside mostly but wanders in the street during the day. I asked her if she plans to take the dog to the vet, but she said she cannot afford it and wants to rather surrender the dog. I told her that is fine, and she signed the dog over to the SPCA. Admission No.: A56892

I issued a warning notice, 21836, to:
1. In future, if you have sick or injured animal, provide the animal with adequate veterinary treatment immediately. The warning was co-signed by Inspector Lee Prins and I and was signed and accepted by the owner Mrs. Maria Andries.
