Comments, if any:

Upon arrival, myself and Inspector Lee Prins from the Cape of Good Hope SPCA met with the owner, Mrs. Yvonne Petersen, who granted us access to the property. I observed an adult male dog, fair body condition and free roaming on the property. The dog had access to adequate shelter and clean potable water, and the living environment was clean. I asked Yvonne how old the dog is, but she could not remember, however she did inform me that the dog was sterilized once they got the dog. She said that herself and her husband are very elderly and live alone here, with the dog Sky as their only companion left. Sky was seen to be in good health, and no welfare concerns were observed.
