Comments, if any:

Upon arrival, myself and Inspector Lee Prins from the Cape of Good Hope SPCA met with a man named Keagan Pekeur, who granted us access to the property. I observed the dog in question, fair body condition and free roaming on the property. The dog had access to clean potable water, however there was no proper adequate shelter observed still. The living area was clean as well. Keagan said he just stays on the property, he does not know the situation with the dog, but he does know there isn't a kennel or anything yet. I told him to please inform Adrian and/or Colewin that they need to have it sorted by Monday.

I issued a warning notice, 21840, to:

1. Provide the animals with adequate shelter against the elements within 6 days.

The warning was co-signed by Inspector Lee Prins and I and was signed and accepted by Mr. Keagan Pekeur on behalf of the owner Adrian.
