Comments, if any:

Upon arrival, myself and Inspector Lee Prins from the Cape of Good Hope SPCA met with a woman named Lizena Zukani, who granted us access to the property. She informed us that she is the mother of the owner, Ashweldo Pietersen.

I observed dogs in question, fair body condition and free roaming on the property. The dogs had access to clean potable water, however there was no proper adequate shelter observed still for the dog Jackie. Lizena reiterated that the puppy and the dog Max sleeps in the house, but we told her that the shelter available for Jackie is still too small for him to comfortably use it. That's why we have only seen him sleeping and resting under the carport, which is also inadequate. She said they are struggling to get material to expand the shelter, but they are going to get it done. I told her to please do so as we have given ample time already.

I issued a final warning notice, 21847, to:
1. Provide the animal with adequate shelter against the elements within 48 hours.

The warning was co-signed by Inspector Lee Prins and I and was signed and accepted by Mrs. Lizena Zukani on behalf of the owner Ashweldo Pietersen. She also confirmed they still want the dogs sterilized, and I told her that will be arranged.
