Re: Dion, a 16-year-old male neutered Whippet/Italian Greyhound & Chanel, an 8-year-old female spayed Border Collie X both owned by Mr Leon Von Solms of 61 Ixia St, Milnerton.

Follow up to report of 22/10/2025:

Dion and Chanel were both presented for re-examination and vaccination on **13/11/2025**. Both of them were much improved having gained weight at a reasonable rate. Chanel was up to 10.5kg (from 9.8kg) and Dion up to 5.1kg (from 4.6kg). Their appetites remain excellent and Mr Von Solms has continued with 3 meals a day.

Physical examination had no major concerns and they were both vaccinated with Vanguard Plus 5/CVL and Rabisin. I am pleased with their progress.

Sincerely,

Dr Melissa Sussens (BVSc)
