Comments:	New complaint received from INSP223582 PLEASE CONDUCT AN INSPECTION AS PER THE EMAIL RECEIVED: These dogs have been on your radar for a number of years now; my latest complaint is that they are blocking the lead from running by tying it to something so that the runner can't be used, which is something they have done multiple times in the past. They are also surrounded by junk and have no access to water, and if they do, it's minimal. Same complainant in both the old and the new cases
