Follow-Up Date:	2025-12-16
Comments:	I called the complainant and he informed me that he has closed up his yard due to the smell. I asked him if he can still get the dirty smell and he told me that he has to get on his roof first then he will know as you cannot see into the neighbors yard from the complainants without getting onto the roof. He said he will send pictures once he gets onto the roof.
