| Comments:       | @ <input type="checkbox"/> Maggie SPCA <input type="checkbox"/> please take note of this second compliance notice for 46 Ibis way(not 64 as indicated in case) in Westlake, reason for Second warning is that when we were at the property the owner (Shannon) was not at home however the warning was issued to (Edward) who is a family member, now we met with the owner who claim that he received the notice very late and he wanted some clarity about sterilization and also he indicated that SPCA inspector made a visit and he was not convinced but now he is interested in sterilization and want assistance from SPCA so i don't know Maggie if you can arrange with collection officer to collect the dogs for sterilization next week and after please get back to me with the schedule of the pick up because i need to ensure that he is at home during the collection |
