Comments:	Rudolph Philander info@carthorse.org.za Dear Cart Horse team We trust this email finds you well We received a complaint about dark brown / bay color horse that was seen in the Sanddrift area, it was reported that the horse had an open wound on the side. The horse had the number plate "try me 1945", according to the complainant. However, when we got to the scene, the cart and horse were no longer there. Do you perhaps have this number plate on your system to provide us with the address?
