Comments:	New complaint received from Richard White, refer to 223352 PLEASE CONDUCT AN INSPECTION AS PER THE EMAIL RECEIVED: I am writing further to raise a concern regarding another animal tethered under the De Waal Bridge . Despite multiple attempts, I have been unable to direct the SPCA to this specific group accurately . May I ask that you please connect with the SPCA regarding this specific animal? It is a chocolate-brown pit bull that is tethered to a Checkers trolley beneath the De Waal Bridge day and night.The exact spot is difficult to see from the road.
