Time:	13:34
Inspector:	JULIAN VAN DER ZANDT

Type:	CALL RECORD - MADE
Follow-Up Date:	2025-11-14
Comments:	I called the respondent back and asked if he would be home this saturday and he told me that he took off work to be at home the previous saturday but the inspector did not come . I checked the report time and saw that the inspector arrived too early as the call record note said the owner would be home after 2pm. He told me its only himself at home and no one else can give access. He says he is working this saturday and doesnt know what time he will be home and works till after 5pm in the week. Supervisor to advise if the matter can be dealt with after hours.
