Adequate space: Yes
Clean living environment: Yes
Water available: Yes
Adequate shelter available: Yes
Animal/s in good condition: Yes

Upon arrival, myself and Inspector Lee Prins from the Cape of Good Hope SPCA met with the owner, Mr. Alfeus Williams, who granted us access to the property. He took us to the back of the property where the dog in question stays now. We observed the dog, still in fair body condition and free roaming on the property. The dog has access to adequate shelter as well as potable water. Alfeus explained that it is much better for her here as she is very nervous and aggressive for strangers, so she is much calmer at the back. I thanked the owner for fully complying with the warning issued and arranged with the office for the dog to be collected for sterilization.
