Comments:	INFORMATION RECEIVED FROM INSP AYANDA THAT THE DOGS HIND LEGS HAS GIVEN IN AGAIN. SHE SENT THIS MESSAGE AS WEL - Hi there, please reopen a complaint for the above address. The owner contacted me seeking for help again for this dog that keeps randomly going paralyzed on its hind area. They don't have transport to take the dog to the vet. The area inspector needs to ensure that action is taken even if the dog seems to be fine again as this is reoccurring and there's no obvious cause.
