Comments, if any:

Upon arrival at approxmatley 13H47 Myself and Inspector Rowan davids was given access by the Grooming Head Gami

We observed the stable on the left of the property

At closure observation we saw that the spider webs

Was cleaned up

Then we observed the stable on top which is aproxmately big enough for 8 horses , the stables was clean and straw and rubber mats is used as flooring there was fly traps and fire estenguishers

We then observed the feed room all the cob webs was removed from the feed drum and the corners of the walls

I observed aproxmately 20 horses multiple breeds and colors and sexs all apeared to be in a fair condition

All medical records and passports

And id of horses on site and the feed is stored correctly only when, vacinations records was there

However only when we arrived only then they start to rotate the horses in the shade warning 23197 was issued follow up to be in done in 7days
