Hi

The above-mentioned house has been under your care for a while now.

Could we please ask you to do a check again. There appears to be either ducks or geese being kept there. At night you can hear them performing.

Please can you just check as these people leave the premises at about 6am and come back at 11pm. When are these animals being fed.

Your help regarding this would be appreciated.

Please send me feedback once it has been checked.

Many thanks

Deoni
