**Comments:** Prosecutorial Assessment

It is submitted that this matter is appropriate for a decision of nolle prosequi for the following reasons:

1) There is no direct eyewitness evidence linking any suspect to the commission of the alleged offence .  
The witnesses only saw the suspect walk around the corner

2) A substantial period of time has elapsed since the alleged date of commission , which materially affects the availability and reliability of evidence and diminishes the reasonable prospects of a successful prosecution.
