Comments:	I called the owner and he told me that he told my colleague that he will take the dog to the PDSA in Mitchells Plain when he gets a chance, but he did not get a chance. He cannot take the day off from work and risk of being fired just because some people complain to the SPCA, his dog was examined by the vet not too long ago. He can only take the dog on the weekend when he is off. I told him that I will discuss about this with the management, but we are planning on obtaining a warrant since he does not comply with our warnings and he just said if we want to take his dog, then we must take him. I will discuss about this with the supervisor.
