Comments:	Good day TAH team. I hope this email finds you well Thank you for your response and for providing the veterinarian's report. As noted in the report, Hunter is diagnosed with inspiratory stridor and laryngeal paralysis. We kindly request clarification on the following points: Is this condition treatable? If so, what treatment plan is advised or recommended? How does this condition affect Hunter's quality of life currently as well as long term We appreciate your assistance with this matter and look forward to hearing from you Kind regards, Inspector L.Prins LEE PRINS 2025-12-22 11:16
